IPSA Requests an Opportunity to Participate In Your RFP for Document Destruction Services

Information Protection Solutions of America (IPSA) is a national alliance of independently owned and operated document destruction companies certified by NAID, the National Association for Information Destruction.

Why IPSA?

-  Capable of servicing all of your locations nationally
-  Operating from over 100 locations
-  National and local contract management teams
-  Single point of contact coordination
-  Currently 70 NAID Certified locations
-  Centralized, clear, concise, and timely invoicing
-  Both On-site and Off-site document destruction services
-  National price strategy for best value – today and tomorrow

IPSA provides turnkey Document Security and Destruction solutions that meet today's regulatory requirements

The National Company Delivering Results With a Local Presence

Why is IPSA the Right Choice for Strategic Sourcing?

Foremost among these reasons are the number of NAID certified locations we represent. (NAID certification is the only recognized standard in the industry today). Additionally, we assist our customers with a single point of contact for all program operations; this includes clear and concise centralized invoicing

IPSA Provides:

EXPERT ASSISTANCE

- Project Plan Implementation
- Deployment Management Support
- Employee Education Programs

COMPREHENSIVE OPTIONS

Mobile Document Destruction &
Plant Based Document Destruction

PEACE OF MIND

All of Our Programs Are Operated In
Strict Accordance With The Reasonable
Care Requirements of Applicable Federal
& State Laws

SECURITY & ETHICS

The only recognized industry standard
for security and ethics is NAID
certification. All of Our Members Are
Required to Be NAID Certified.

CERTIFICATE OF DESTRUCTION

All customers receive a certificate of
destruction verifying the material
description, and date for every
document destruction job we perform.
